

GULKAND

There was a Rose garden nurtured by Ramu the hard working gardener, there were various roses in his garden but every rose was unique, beautiful and different from others

In the bouquet , of Ramu there was a rose called sweetie the real pink beauty who had a desire to help others and put everlasting impression on everyone

So she told Ramu that when her death would be near , use her petals to make special Gulkand for needy people

Other roses heard the noble idea of Sweetie and pledged to contribute and support. They all told Ramu that use their petals, too along with Sweetie and make a splendid gulkand, so that everyone could remember them after their death.

MORAL :
EVEN A SMALL CONTRIBUTION CAN MAKE A LARGE IMPACT
ON THE SOCIETY SO ALWAYS THINK OUT OF THE BOX
