

**A UNIQUE KITE**

**Once there were 2  
siblings in the  
triangle family  
namely Chottu  
triangle and Motu  
triangle.**

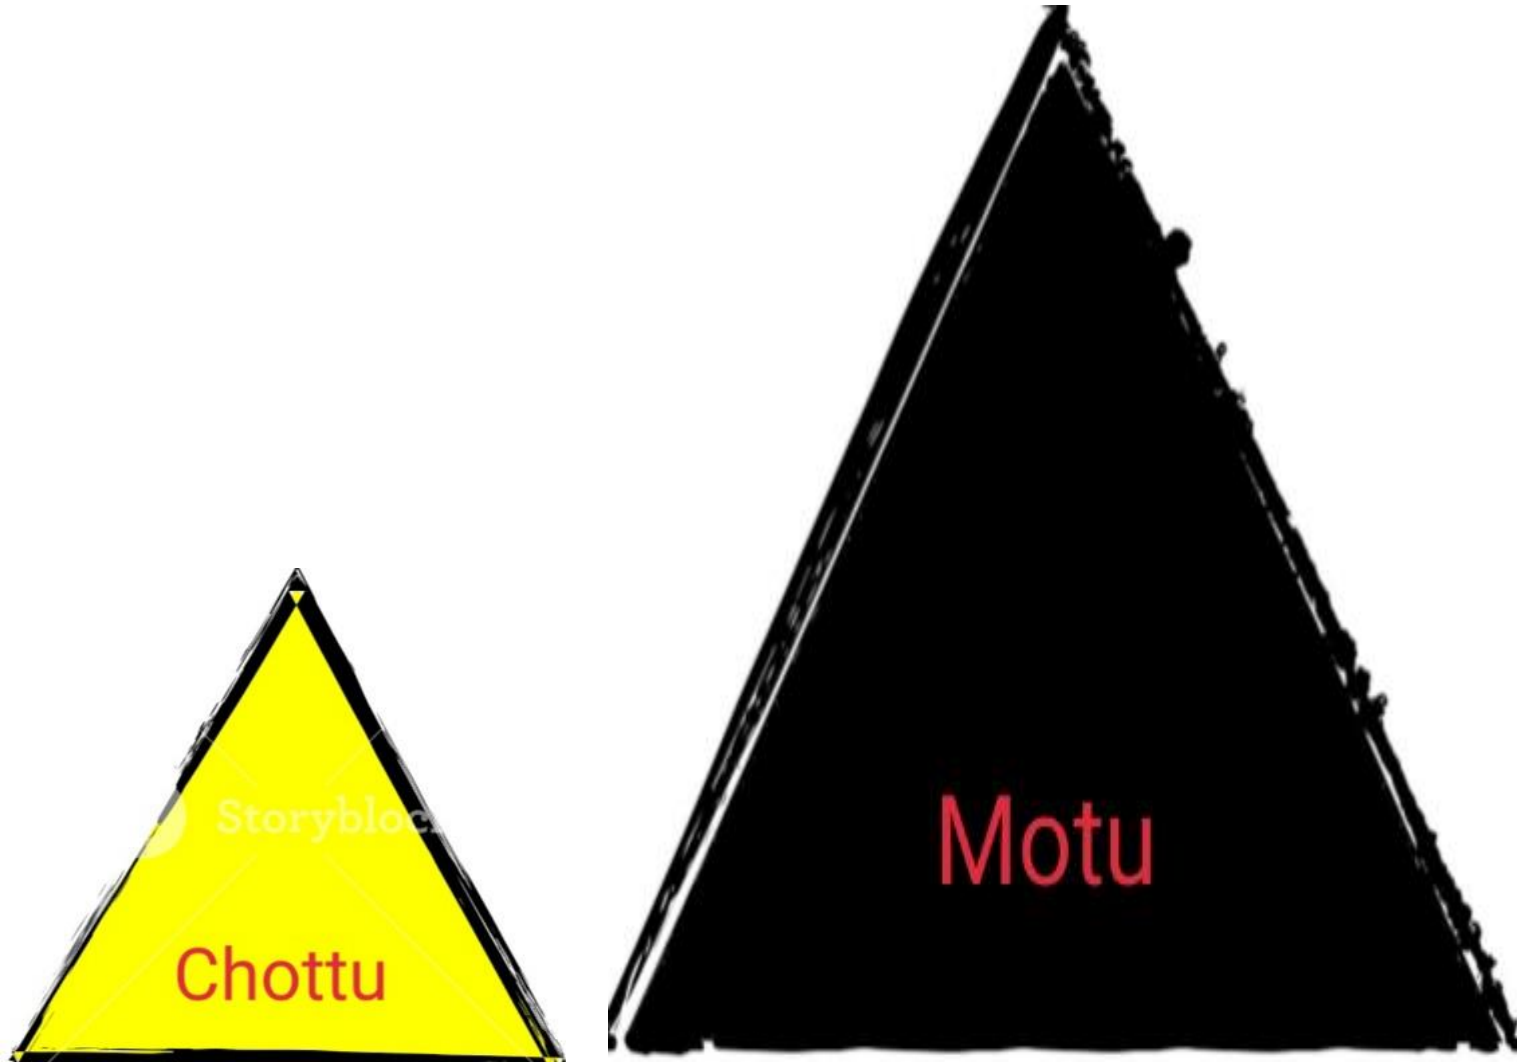

**They used  
to fight a  
lot.**

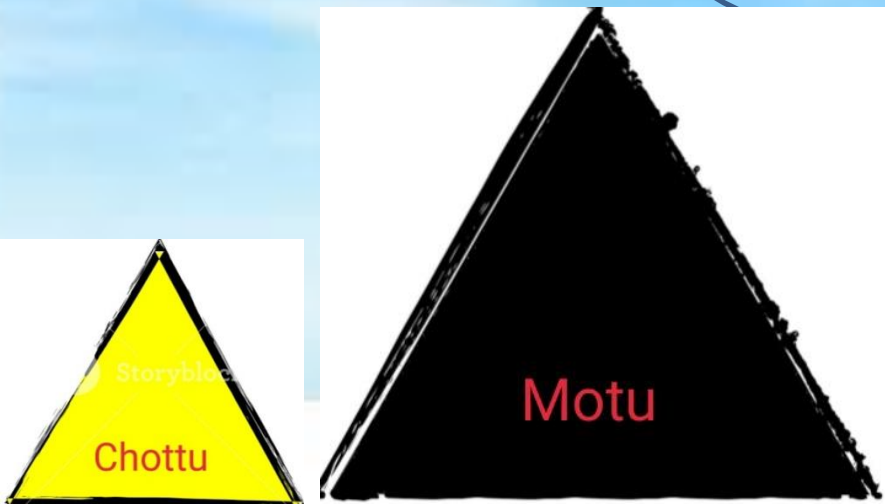

**So to stop them from bullying , Dadi triangle told them that if they stop fighting she would take them in the sky to see the world from above.**

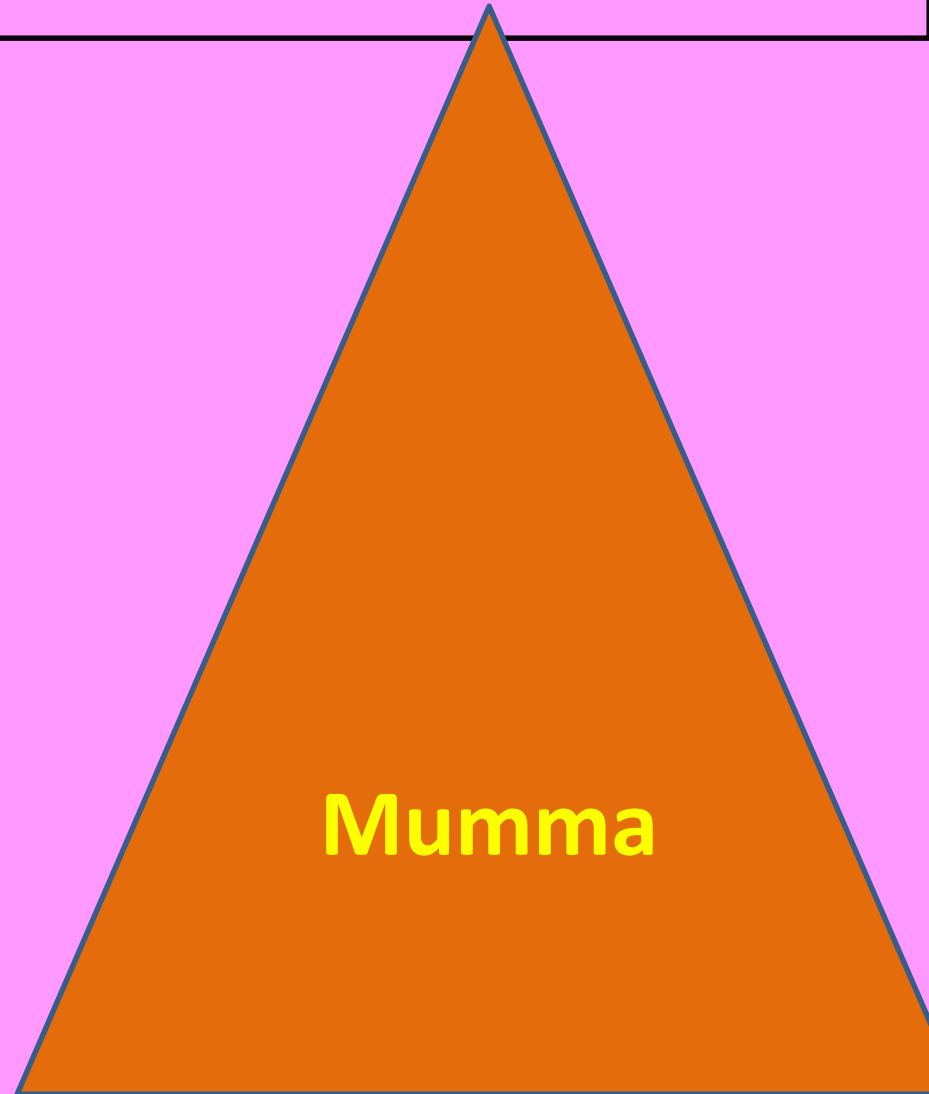

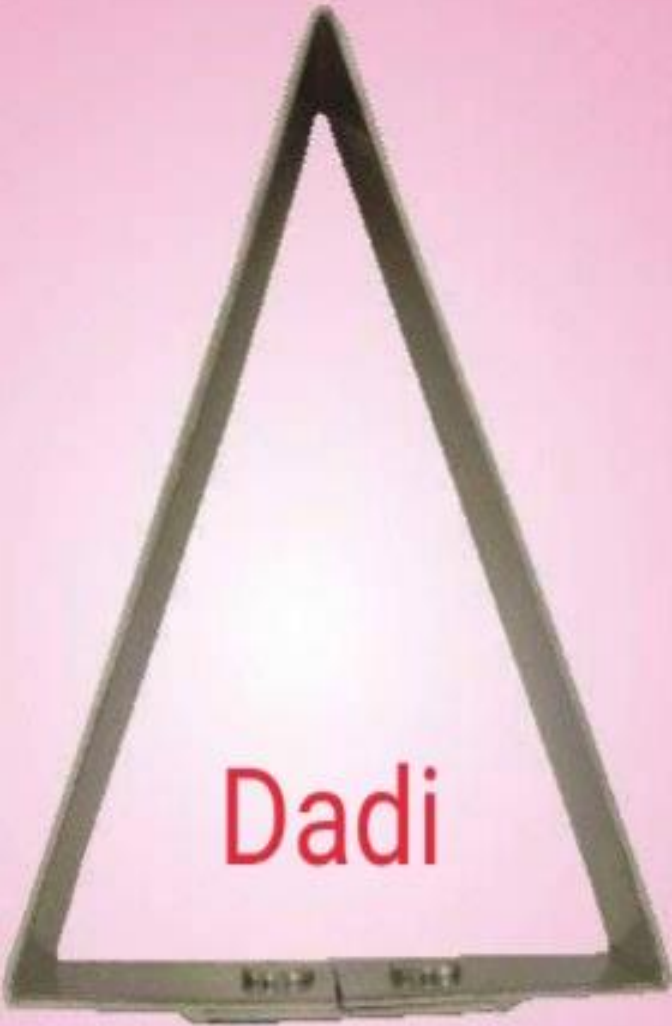

**Chottu triangle and Motu triangle got excited and started obeying their grandma and stopped fighting.**

**Now everyday  
Chotu triangle  
and Motu triangle  
asked their Dadi  
triangle to take  
them to sky.**

**Dadi triangle soon realised how serious they were and asked Mumma triangle what she should do ?**

Mumma triangle had an easy fix and said that if all the members of the triangle family join together.

MUMMA

Chottu

Motu

DADI

**We would form a unique kite and thus all of them could go to the sky and they did the same.**
