RHMPs"

कल्लू पहलवान

कल्लू बहुत ही गरीब बच्चा था। उसका रंग काला था इसलिए उसे सब कल्लू कहकर बुलाते थे , जिससे उसका दिल काले रंग पर बहुत दुख होता था। जिसके कारण उसने हीन भावना पैदा होने लगी ,एक दिन में बहुत दुख हुआ था , तब उसने अपने गांव में कुश्ती की घोषणा सुनी और वह उसे देखने के लिए गया। वहां जाकर उसे बहुत अच्छा लगा और अब मैं वहां रोज जाने लगा। जिससे उसमें कुश्ती सीखने की जिज्ञासा उत्पन्न हुई और वह अच्छी कुश्ती करने भी लग गया। देखते -देखते वह एक प्रसिद्ध पहलवान बन गया और उसके पास बहुत सारे पैसे भी आ गए और एक अमीर आदमी बन गया। अब उसे सब प्यार करने लगे उसका नाम कल्लू के कल्लू पहलवान कहलाने लगा शिक्षा व्यक्ति रंग रूप से नहीं अपने गुणों से पहचाना जाता है

WELCOME TO SCHOOL CHRONICLES

Welcome to school Chronicles Ms Kiran was a teacher in primary school ,one day she couldn't help but overhear that all the children were degrading each other because of their looks Motu said : you are so thin and weak .have you even looked at yourself ? Lambu said : omg you are one to say ,you are so short They kept on hurting each other and talking out to other people .they had no respect for each other or for each other's abilities . Reena said : you are very ugly Meena ,look at that shabby hair ,do you even know a shampoo? Meena said : don't say that reena,God made me this way. None of them respected each other and everyone said something offensive to the other one Ms Kiran was not at all happy with this behavior and took the children to perform an experiment close to her heart . She took out a prism and divided the kids in a group of 10 and told them to find the angle at which two prism are kept to convert rainbow colours into white light The children kept bickering and had severe miscommunication between them and none of them were able to answer the question Upon seeing them fail she divided the group according to their tasks and dictated the precise steps of the experiment. the children soon began achieving results without fighting or bickering Ms Kiran told the kids that no matter how a person looks everyone is unique and precious and each performs their own assigned task in their own way and none of us have any right to judge them or tease them. just like the precious white colour cannot be formed without the seven rainbow colours the class is also a rainbow and everyone's adword output it is necessary in order to get the desired result so every child should be respected.

ORAL :WORDS SAIS BY MS KIRAN HAD A LONG LASTING EFFECT ON THE CHILDREN AND THEY NEVER CALLED EACH OTHER FUNNY NAMES. AFTER THE INCIDENT STARTED RESPECTING EACH OTHER AND THEIR TALENT
